Class in Esperanto Offered at Pacific Grove Adult School

A course in Esperanto (the international language) is beginning on September 13 at Pacific Grove Adult School, 615 Sunset Drive, Pacific Grove.

What is esperanto and what can it give you?

* Structure: The grammar of Esperanto consists of only 16 rules, with no exceptions. In spite of this inspired simplicity, the International Language is capable of expressing the finest shades of meaning.

* Vocabulary: The word-roots in Esperanto have been taken from national languages according to the principle of maximum internationality; thus many of them are already known to people of all nations. Many words--an average of 10--15, but sometimes as many as 50--may be formed from one root. This greatly facilitates the learning of the language.

* Technical vocabularies: Up to the present day 114 technical dictionaries and vocabularies in 46 branches of science, philosophy, technology and handicrafts have been published in the International Language.

* Literature: Esperanto literature includes translated and original novels, short stories, plays, poems, scientific works and dissertations; it is constantly increased by the publication of new works. The library of the British Esperanto Association in London contains nearly 30,000 registered items of Esperanto publications.

* Magazines: Various magazines and literary, scientific, professional and religious reviews in the International Language appear regularly in all parts of the world.

* Radio: The use of Esperanto on the radio is increasing. 30 stations, including Berne, Rome, Zagreb, Hilversum, Vienna, Rio de Janeiro, Valencia, Bilbao, Warszawa and Sofia, regularly broadcast in Esperanto.

* Congresses and Conferences: Every year an increasing number of congresses, conferences, courses and study groups use Esperanto as their sole language. In 1961 about 10,000 people attended international meetings at which Esperanto was the only official

language.

* Esperanto Organizations: The Universala Esperanto-Asocio (World Esperanto Association) has members in 82 countries; there are 37 national associations; 17 professional international associations, of, for example, teachers, scientists, lawyers, journalists and doctors; a great world-wide workers' association "Sennacieca Asocio Tutmonda" and more than a thousand clubs and societies in the world. Moreover, 2,850 delegates and specialist delegates in all countries are at the service of people speaking the International Language.

* U.N.E.S.C.O.: Universala Esperanto-Asocio has a consultative arrangement with UNESCO. By the Resolution of December 10th 1954 the General Conference of UNESCO recognized that the results achieved by Esperanto in intellectual exchanges and bringing the peoples together are in accordance with the aims and ideals of UNESCO; that is, they contribute to international co-operation in the fields of education, science and culture.

* Esperanto does not aim at replacing the existing national languages; but it overcomes the present linguistic chaos in international relations, serving as a neutral instrument of international communication for all.

What can Esperanto do for our world?

Dwight Eisenhower, Harry Truman and Mrs. Eleanor Roosevelt are just some of the many leading Americans who have emphasized the importance of people-to-people contacts to improve international understanding. The more people in all parts of the world get to know each other--particularly on the basis of personal friendship--the closer they will be to a permanent and effective peace. Esperanto is the logical instrument to achieve this kind of people-to-people contact.

Esperanto could be the solution to the language problem. For more information, call 373-4951 Monday through Thursday between 7 and 9 p.m.

PREPARED TO SELL - Rummage sale was held last Saturday at headquarters of Julian Camacho, Democratic candidate for 12th Congressional District. On hand for flea market sale were (from left) Camacho; Sally Chambliss, office manager and Sandy Chambliss, press secretary for Camacho. As expected, many beautiful items were sold.

Photo by John Perkins

GUESTS OF HONOR - Suzanne Paizis left, Democratic candidate for California State Senate from 17th District and Yvonne Braithwaite, state assemblywoman from Los Angeles area were special guests at luncheon hosted by Dr. Talcott Bates at his home.

Benefits of Tax Program Sent to Seniors

State Controller Hugh Flounoy has mailed a total of \$18,924,859 to 87,583 older homeowners who are among the first to qualify for reimbursements under the liberalized Senior Citizens Property Tax Assistance Program.

"This is only the beginning of reimbursements resulting from claims based on 1971-72 local property tax payments," said the Controller.

"We expect that about 240,000 homeowners over age 62 will qualify this year and the reimbursements will total \$54 to \$56 million."

Flounoy said this first group of payments will reach applicants throughout the state during the next few days. He emphasized that this group does not represent all the claims that have been filed to date. Payments to other applicants

will be mailed as soon as additional groups of claims can be processed by the Franchise Tax Board which administers the program.

"The deadline for filing claims is not until October 15," Flounoy said. Any homeowner in California who reached age 62 by last January 1 and whose household income isn't over \$10,000 owes it to himself and his family to obtain complete information from the Franchise Tax Board if he has not already done so."

Flounoy pointed out that the first group of payments this year far exceed the total of \$8,262,602 reimbursed last year. Payments totaled \$32,515,314 during the first three years of the Senior Citizens program which was authorized by the 1967 Legislature.

The payments mailed include the results of legislation approved just last week to give further benefits to those qualified applicants whose total household income is less than \$5,800.

League of Woman Voters Support Proposition 20

Support for Proposition 20, the coastal protection initiative, which will be on the ballot in the coming election, was announced this week by the Board of Directors of the League of Women Voters of the Monterey Peninsula.

In a statement backing the ballot measures, Mrs. Tom Houston, League President said: "On the Monterey Peninsula we are especially aware of the importance of protecting our beautiful coast and of the assets we are in the process of losing through overdevelopment. We can no longer leave regulation and con-

trol of coastal development in the hands of local governments, who are either unwilling or unable to withstand the pressure from developers and landowners, and who do not have the money to buy threatened beach land for public enjoyment.

"State regulation as specified in the coastal protection measure, Proposition 20, would set standards, inaugurate statewide, rather than piecemeal planning and open up public access to beaches. It would insure that best use of coastal land through a permit system administered by regional commissions with membership equally divided between local officials and public representatives. It would not stop construction in the coastal zone. "Coast preservation legislation has failed in the last two sessions of the state legislature. It is now necessary for the people to be heard."

Firing on Beach Range Saturday

There will be firing on the Fort Ord Beach Ranges from 7 a.m. to 6:30 p.m. on Saturday, September 9. The Monterey Bay Impact Area will be closed to all harbor craft during this period.

Seniors Tax

Assistance

Forms Due

Californians who are over 62 and may qualify for a refund of a portion of the property taxes they paid last year, should file a claim with the Franchise Tax Board if they have not already done so, according to State Controller Houston I. Flounoy, Chairman of the Franchise Tax Board.

In order to qualify under the Senior Citizens Property Tax Assistance Program, an individual must be 62 years of age or older, own his own home, and have a total household income of \$10,000 or less, Flounoy.

"We have already paid more than 122,000 individuals who have filed claims," Flounoy said, "in the amount of \$26 million. However, the filing deadline is October 15, and we want to make certain that no qualified individual fails to receive what is properly his."

Individuals may file claims with any office of the Franchise Tax Board, or by writing Senior Citizens Property Tax Assistance, P.O. Box 1500, Sacramento, CA 95807.

'Walk For Mankind'

It was announced recently the PROJECT CONCERN will hold the first Monterey Peninsula "Walk For Mankind" on October 21, a program inaugurated by Dr. James Turpin in San Diego, California in 1961.

The goal of the "Walk" is to raise medical and dental funds to aid underprivileged people throughout the World, including funds for Monterey County projects to be designated.

Funds will be raised by walkers sponsored by individuals and businesses who participate in the walk of 21 miles routed from Seaside through Monterey and Pacific Grove. Residents throughout the entire Peninsula and County of Monterey are urged to participate.

Additional information concerning the Walk will be made available to business groups, schools, Parent Teacher Associations, churches, etc.

Interested parties are urged to call 375-2281.

Warning to Drivers at Night Classes

Monterey Peninsula College is one of the Peninsula's busiest places after dark with approximately 3,000 persons taking evening classes at the college. And nearly everyone wants to drive his car on campus, according to Dean of Community Education Keith Merrill.

Dean Merrill has offered some words of advice and caution to students starting fall classes on September 11. "It would be to everyone's advantage if car pools were formed now to reduce the number of vehicles trying to find parking space on the campus," explained Dr. Merrill. "Students should also get used to using the lower parking lot by Fremont instead of trying to find a place by the Administration Building," he added.

It is advisable for students to leave home in plenty of time to arrive for their classes.

Faces Around the Bay

MONTEREY RESIDENT Mrs. Katherine L. Chochran first discovered beauties of Peninsula over 20 years ago when her husband attended Naval Postgraduate School. She studied journalism and theater at Columbia University and earned a B.A. in English Literature from University of Minnesota. She now serves as chairman of Executive Board of Monterey Branch Church. She sees moral and spiritual education as great need of day and has been active for several years as Christian Science Campus Counselor. Photo by Camera Masters

Publisher's Report

Seaside Ripples

A. E. 'Andy' Barragan, Publisher

By Clint Porter
(In the absence of Andy Barragan)

Writing a weekly column has its trials and tribulations. I suppose all columnists at one time or another have felt the way I feel right now. I have a column to write. And my mind is on a one-track collision course towards repetition. I have discovered that if I write the way I feel, the thoughts just flow and flow, but if I try to put on paper what I may think someone else wants to read, well, writing a column could be an all-day chore.

What I want to write about is my boss, Andy Barragan. In my daily conversation with people about Andy, I know I have covered everything, but somehow the courage and determination of this man has to rub off on a few of you wonderful readers. Andy is in San Jose, as of this morning, but his condition changes by the minute. One minute he is a corpse and the next minute he is full of vim, vigor, and vitality. Less than two weeks ago he had one of the most serious operations anyone has ever had. There was absolutely no chance (they said) for him to pull through. But there was no chance for him without the operation either. So the operation was performed. He made it.

A few hours later it was discovered that they had to go back in there and stop an internal hemorrhage. This, of course, was definitely a fatal and impossible-to-survive "gesture" (they said). The hemorrhage was stopped. He made it.

Today's Army

NEWS

By

SSG R. Cardwell

ARMY RECRUITER

Hello everyone. Would you believe that the Aerospace Industry is one of the largest and most rapidly changing industries in the country? Well, it really is. Some 1.5 million persons were employed in the manufacture of aircraft, missiles and spacecraft in 1970, many of them involved with developments in supersonic flight and space exploration. These, and other activities in research and experimental planning, add to the excitement in the industry.

A logical route for entering the field of Aerospace and missile development is through the U.S. Army. The strong similarity among aircraft, missiles and spacecraft is very helpful in switching your career experience in the Army to civilian position in Aerospace.

One major job in Aerospace is that of a Hawk Missile crewman. Crewmen assist in missile assembly and checkout, in organizational maintenance, and in command and control of the firing element of the missile battery. In this industry there is a choice of many finished products that can use a variety of different types of engines, electronic systems and other components. Missile engines are jet and rocket. Spacecraft are rocket powered because rockets are the most powerful type of engine and can operate in airless space. Today's rockets are powered by chemical propellants, either liquid or solid. In the future there will be the opportunity to work on developing such new sources of rocket propulsion as nuclear or electric energy. Missiles and spacecraft vary greatly in the purposes for which they are made, and in their size and capabilities. Missiles are produced chiefly for military use and generally carry destructive warheads. Some can travel only a few miles and are intended for such purposes as the support of ground troops and defense against low flying aircraft.

Some of the more important jobs in Aerospace fall into three main categories: Professional and technical; administrative, clerical and related occupations; and plant occupations. Jobs in Aerospace work may be found in practically every state, although approximately one-third are concentrated in California.

Aerospace is the future and jobs in it will have a promising future. Young men and women seriously interested in Aerospace careers should give some thought to Army training and schooling.

For more information on this field please contact us at 432 Webster St., Monterey, or call 372-4742/372-0553.

Credit Union Rural Water Information Kit Available Wins Award

The Ft. Ord Federal Credit Union has earned a Thrift Honor Award for its success in stimulating savings among small savers, according to Edward T. Bernhoff, regional director of the National Credit Union Administration.

Joe Pintar, president of the credit union, presented the Thrift Honor Award certificate to Mrs. H. Yvonne Hachiya, local treasurer.

The credit union attained a monthly rate of growth of 5.6 percent in accounts under \$20,000. This growth rate was above the average for Federal credit unions of similar size, according to Bernhoff.

On June 30, 1972, the Ft. Ord Credit Union, which serves military personnel and civilian employees, Hunter Liggett Military Reservation, the Presidio of Monterey and Camp

Rural residents seeking to improve their drinking water and waste disposal facilities can now get a helping hand from the recently formed national Commission on Rural Water.

A new Rural Water Information Kit explains how new approaches to rural water and sewage districts can benefit rural residents—particularly those with low incomes. The kit explains how the federal government's assistance programs can be used and how they can be improved, using "cluster" wells and decentralized sewage disposal. It explains new approaches to systems design, and who to see if you have a local area water or sewage problem.

The kit was prepared jointly with Demonstration Water Project (DWP), which has organized local projects in several areas of the country to assist low-income people in organizing their own water companies. Much of the material in the kit is based on DWP's successful innovations and practices.

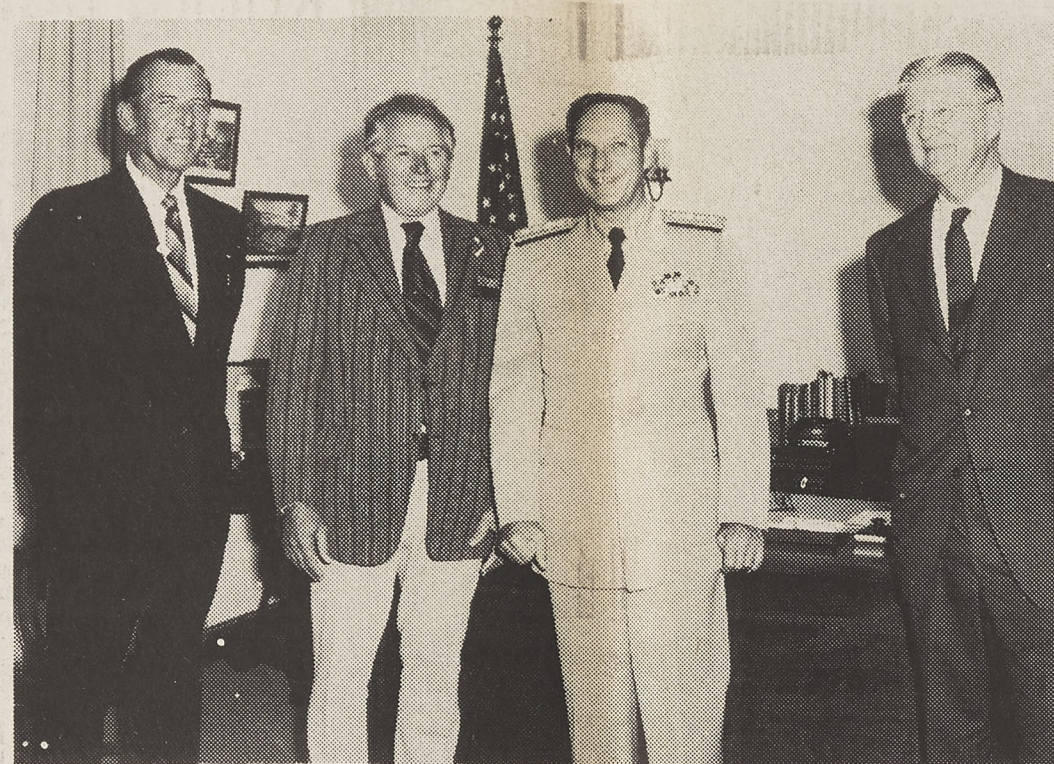

"Many rural residents, regardless of income, simply aren't aware of the programs available to help them," said Stanley Zimmerman, national coordinator for the Commission. "With 22 million rural

people still without water in their homes, we think the kit will fill a real need. It suggests ways to get started, including where to find loan and grant money. But most important, it proves—using the DWP experience—that rural people can be successful in helping themselves get better water and waste disposal."

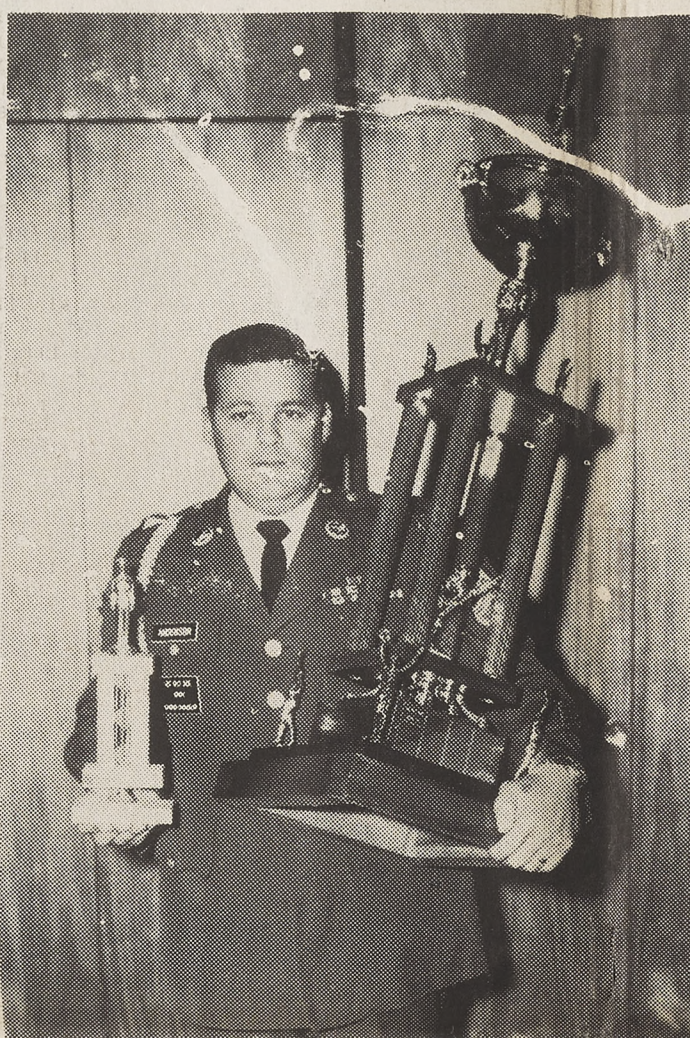

The kit is available from Box NR, Commission on Rural Water, 221 N. La Salle St., Chicago, Ill. 60601.

BEEF STATE

The California Beef Industry's contribution to the state's economy in the last four years exceeded \$3.1 billion—more than the value of all the gold ever mined in the golden state.

90 YEARS OF SERVICE - Thirty-year federal service awards are presented to Professors Lester C. Wible, Robert L. Miller, and Carl E. Menneken by Rear Adm. Mason Freeman, Superintendent of Naval Postgraduate School. Professors were among five faculty members at Navy school who received awards August 29, totaling 140 years outstanding federal service.

OUTSTANDING - Staff Sergeant Gary Anderson, career counselor for Ft. Ord's 1st Brigade, walked off with two top trophies for re-enlistments for month of July. He received Commanding General's Re-Enlistment Trophy for a 200 percent objective, and Career Counselor Trophy.

Music of Past Animal Will Be Featured Auction At Fair

Memories are made of the music of Watsonville Band. To underscore the theme of the 1972 Santa Cruz County Fair, which is 'memories', the Watsonville Band concert on the fairgrounds on September 16 will feature the music of the past.

The band itself is a memory to many a retired Watsonville musician, for it has been an integral part of Watsonville's history over the years. It has more than a quarter of a century of unbroken performance history behind it. The hour-long band concert is scheduled for 7:30 p.m., on the Playhouse Stage. It will feature the all-girl color guard in a Pageant of Flags, spotlighting the flags which have flown over California through the years.

There also will be 'memory' music, in their areas of specialty, by the German Band and the Dixieland Band, units drawn from within the full band, as well as melodies of other years by the entire unit. Santa Cruz County Fair opens

A total of 60 animals will go on the auction block September 9 at the State Fair during the Northern California Angus Ass'n's annual steer sale at Cal Expo, according to association president Frank Bramwell of Galt.

The association will provide all of the steers to be sold. While not restricted to them, the sale is staged mainly for the benefit of 4-H and Future Farmers of America youngsters and gathers the top animals available in one ring, saving the prospective young bidders from scouring the countryside in quest of stock to buy.

Proceeds from the sale are ticketed for the promotion of the breed and for various awards which will be presented during the year to the youngsters for specified projects.

September 13 for a five-day run on the fairgrounds on Heciker Pass Road (Highway 152) above Watsonville.

Annual BBQ Is Held

The Quota Club of Seaside held its annual fund-raising Picnic and Barbecue Sunday August 27, at "Cloud Nine" Ranch in Prunedale.

The host and hostess were Mr. and Mrs. Emil Schmidt. (Mrs. Schmidt is Club President).

Jack Oldemeyer was chef at the chicken barbecue. Delicious salads and dessert were prepared by the club members. All proceeds are earmarked for community projects.

Among many guests were Mrs. Larry Nelson Lt. Gov. 12th District Quota Int., Mrs. V. Parkin President Los Altos Club, Mrs. H. White Past Gov. and Mrs. Henry Ragsdale Monterey-Pacific Grove Quota Club.

BAVARIAN BEEF STEW

It is almost impossible to tell where stew originated. But now, there's no country without its stew. Here's the Bavarian version:

- 2 pounds chuck beef;
- 2 tablespoons fat;
- 2 cups cold water;
- 1 cup dry red wine;
- 3 large sliced onions;
- 1 teaspoon salt;
- 1/4 teaspoon pepper;
- 1 teaspoon paprika;
- 8 whole cloves;
- 3 tablespoons flour;
- 1 can frozen biscuits;

Cut the beef into small cubes and sear it in the fat until browned well. Cover the meat with the water and wine, add the onions, let come to a boil and simmer for two hours. Add the salt, paprika, paprika and cloves and cook for another 20 minutes. Blend the flour with two or three tablespoons of the stew liquid and stir the paste into the stew. Blend well and place the frozen biscuits over the stew. Cover tightly and simmer for 15 minutes without lifting the lid. (You can use the recipe for dumplings instead, which is the real Bavarian way.) Serves six.

Tax Clearance For Aliens Now Available in Oakland, San Jose

Aliens who plan to leave the United States may now obtain a tax clearance from the Oakland and San Jose offices of the Internal Revenue Service.

Charles E. Kingman, IRS District Director for Northern California, said that formerly tax clearances were obtainable only in the San Francisco, Sacramento, and Fresno IRS offices. This service has now been expanded to the other two offices as a convenience to taxpayers.

The director said most aliens who plan to leave the United States are required to obtain a "Sailing Permit" or a tax clearance.

Kingman said in order to avoid last minute delays, those seeking a sailing permit should determine in advance what documents must be presented for a clearance. This can be done by contacting the nearest local IRS office.

The Director advised aliens

GATHER WOOD - Fire-builders Laura Pella (left), Susan Sharke (center) and Jeannette Lewis, work on preparing a fire during outdoor training program held at Ft. Ord for Girl Scouts from Monterey Bay Area Girl Scout Council, which includes Ft. Ord.

MVP - Fort Ord's top Little League ball player of 1972 is Jim Garvin. At awards day ceremony, he took top honors in three divisions -- hitting .677; 12 home runs; and pitched 13 wins with no defeats. Lieutenant Colonel John Kirk, chairman of the Ft. Ord Youth Activities Council, made the presentations.

to get their permits at least two weeks, but not earlier than 30 days, before departure. Those seeking clearances should contact offices issuing sailing permits between the hours of 8 a.m. and 4 p.m. Monday through Friday.

Racial Balance

by Tony Sison

Let no man speak the Language of Racial Balance, Freedom and Democracy while he holds the power of segregation and discrimination in his heart. Forty three years ago, since I came to this country, I have watched America grow. America is heaven to any immigrant and refugee since 1776 to this day. America is freedom. American is the home of the brave and the free.

Today I can see America with its mighty mountains and its rivers running free. I can see the forests and the farmland, the wealth of the land and the sea. I can see also the fantastic cities with buildings towering high and little towns and hamlets beneath a peaceful sky. As an American citizen, I point these with pride, although, I am just a little man.

What is wrong with America today? Our society is sick. American is sick. Discrimination and segregation are the diseases of our society. They are now a cancer and if we do not cure it, American will be destroyed. We can not live in peace and freedom when part of our society is discriminated in job, in housing and segregated in schools. No nation nor any foreign power can destroy America. American is great. But discrimination and segregation can destroy us all.

Discrimination and segregation are as old as moral issues as the Scriptures and are clear as the American Constitution. President Lincoln said that slavery was wrong. President Kennedy said that segregation was wrong. The heart of the question then is whether all Americans are to be afforded equal rights and equal opportunities; whether we are going to treat our fellow Americans as we want to be treated.

The New Deal, The Fair Deal, The New Frontier, and The Great Society had opened the windows of freedoms. Freedom to vote and freedom of want are very precious American heritages. The Civil Rights Act of 1964, The Philadelphia Plan, and the racial quotas from employers are very basic to the birth of freedom in America. In many ways, to me they typify the essential spirit of freedom and democracy.

Many laws were passed and proclaimed for the security and preservation of our country, but the administration and down the line are stalling, backtracking and delaying the practical purposes of these laws. Mr. San P. Karas said in his news letter that the liberty of our Nation is threatened when ever one of us is denied his freedom.

At last meeting of the Board of Education, the President of the Board had said, they are not footdragging, they are not hiding behind the alternatives, they are extremely committed to doing away with racial imbalance.

Let us then stop and examine our conscience and share a new vision in America.

Let us remove school boundaries. Let us open the doors of our schools to everyone. Freedom of choice, freedom to get a better education, freedom to find a better job, and freedom of information and communication should be our concern and dreams.

Mr. Tom Paine, Benjamin Franklin, Thomas Jefferson, Presidents Lincoln, Roosevelt, Kennedy, who were the torch-bearers of Freedom and Democracy, are gone, but their spirits live on and that their candles are not dead but alive. It is not a memory, but living force.

It is a challenge for us to accomplish their dreams and make life worthwhile. The gap

Art Show Planned

The Officer Students' Wives' Club of the Naval Postgraduate School will present its program September 12, an art show which will feature the work of prize-winning artists from the West. There will be free wine and cheese tasting. Husbands are invited.

The show will begin at 8 p.m. in the Barbara McNitt Ballroom of Herrmann Hall; admission is \$1.50.

Reservations may be made on September 5-8 and by noon September 11 by calling 373-6392, 372-0344, or 373-1737.

between minority groups and the white people is growing by leaps and bounds.

It is the administration and down the line who can save America from destruction. So let no man speak the Language of Racial Balance, Freedom and Democracy and hold the power of segregation and discrimination in his heart.

Seaside Ripples

Continued from Page 1

In any race or contest, whoever arrives on top is considered the winner. Regardless of the margin of win, if he arrived there first, he won. Well Andy won. It was close, the odds were, well, there were no odds, he was considered the loser before the race began.

Less than thirty minutes after the last bout, Andy was smiling. That's O.K., the doctors didn't believe it either, and they were there. So was Jeanie (his wife), but she believed it. She knows Andy. I believe it.

Well, it's all over now. Last Saturday, one week and two days after the "fatal" operation, Andy was removed from intensive care and placed in his own room without even a monitor attached to him. His heart and his pulse are stronger now than they have ever been in the past 3 years, at least.

But what really shook the excess doubts from the minds of the doctors and nurses was his recuperative powers. Would you believe that he is due to leave the hospital today, Wednesday, for home. This is only one day short of two weeks since the operation.

Well, just thought you wanted to know. I visited with him Saturday and he was spry and chipper. I talked with him on the phone Sunday and he was sitting down talking to me. I remember saying to him as I hung up: "Andy, take care of yourself." He said, "Don't worry, God takes care of me, I am in his hands." I said, "He's got the whole world in his hands."

I have been reading in the papers that our lovely city of Seaside is really growing, and that they also have wonderful plans for the future. It is about time for the local people to take pride in their city. This is your city. It's the only one you have at the moment, so you better take care of it. The Seaside Chamber of Commerce has been doing a wonderful job in the field of public relations. Whatever Seaside needed to get the ball rolling, it has it now. And once the ball starts gathering momentum nothing can stop it.

It's a bit distressing to think that the businessmen (majority) are soliciting people from the other cities instead of trying to inform the local people what wares they have. I am talking about their method of advertising. Oh, ho, sorry, but you asked for it. You big business men, I am certain you realize that the City of Seaside is only second to Salinas in population. Seaside has the only newspaper on the entire peninsula that covers the entire City. Each resident receives a copy of the Seaside paper. Do Monterey residences receive a copy of their only paper? Only if they buy it. Do Salinas residences receive a copy of their only paper? Only if they buy it. There is no newspaper printed in Marina, so that question does not even apply there, but they receive a copy of the Seaside paper, every residence. Now big businesses become big businesses by thinking big. I hope I am correct in that statement. But that is what I was always taught. Therefore, why are they not thinking big as far as Seaside is concerned? This little paper could be the largest paper on the peninsula, if people "got it together." Think about it.

Then we have the residences (a few) who find the paper at their doorstep, or on their lawn, or (I admit) in their flower beds, and because they did not BUY the paper, it is no good. There is one lady who each week picks up the paper, gets in her automobile, uses her gas and oil, and time, AND ENERGY, and brings the paper all the way back to the office, loaded with derogatory edifications directed to this office. And we are only trying to give a service.

There is another person who drives several miles per week, just to return the paper. It is sad to think of the energies wasted in both deed and thought in performing such acts as that.

And think of Andy. The man who has fought death more in eight months than the entire city of Seaside has witnessed in the same amount of time. Please, give him some of the energies you are wasting. He can use it. Why not just read the paper ONCE. Or give it to a friend. There are some interesting things happening. Don't be left out.

B: You weren't in church Sunday.

Your Supervisor Reports

Loren Smith

The past week has been a busy one...most of it good but surely marred by the loss to Pioneer House thru the disastrous fire which destroyed their building. Hopefully they can be back in operation soon so that they can continue providing their much needed service to the Community.

On a more cheerful note it is real pleasure to note that Operation Shoe String's Program was approved for funding of their 1972-73 budget in the amount of \$219,650. This budget amount is made up of \$54,912.00 of local funds and \$164,738.00 of Federal and State monies. This Child Care Program which is directed by Reverend H.H. Lusk and his associates contributes greatly to the good of the community.

On an entirely different matter, many people will be pleased to know that the County Administrator has been authorized to

provide some short term parking at the entrance to the Monterey Annex of the Court House. (Approximately a 30 Minute Time Limit). When this change is made it will be more convenient for those people who only need to be at the Court House for a short time to find parking space in close proximity to the various offices. This will be a welcome change for the public.

In the matter of employment it was my privilege to appoint Miss Jane Van Hook as a member of the Monterey County Advisory Committee on minority employment. Miss Van Hook is very knowledgeable in this important part of our Community problems and is well qualified to represent the minority viewpoint as it exists in our area.

Looking to another fast changing situation a brief comment should be made about the Monterey Peninsula Bus crisis. All of the Cities involved have agreed to accept the financial burden of the operating losses of Bay Rapid Transit for a six month period. This will keep the Bus Service operating for this short period of time, but a long range solution to the problem must be found soon.

Now for a final happy ending the Board of Supervisors has officially set the County General Tax rate for 1972-73 at \$2.39 1/2 cents per \$100 of assessed valuation. This rate is 4 1/2 less than last years rate.

Your Seaside Street Department

by N. Duffy

Two weeks ago, the City council met for their August meeting. Among the orders of business was the creation of a grievance committee, comprised of Mayor B. "Joe" Dolan and Councilman Stephen Ross. The main reason for this action was so Seaside residents would be able to voice their opinions, comments and complaints with their duly elected officials.

The Seaside Street Department applauds this service as a necessary step for community action. We feel it is imperative for all departments to be responsive to the requirements of our city's population. However, much responsibility lies directly on you, the citizens. With your vocal participation we can become more effective in satisfying the needs of the community. Consequently, we feel it is a prudent step on our part to acquaint the general public with the functions and duties of our department.

Unlike the Police and Fire Departments, the Street Department maintains a low profile in our service to the community. While we are rarely in the news, the Street Department performs a necessary and important function in the every day life of the city and its residents. Clean, smooth, well marked streets, taken for granted by the public, can only occur when the Supervisor of Streets and his crew take pride in their city and in their work. Each of these men must possess many varied skills, at a professional level. On any given day, he may be required to become a carpenter, mason, welder, plumber or a painter.

With the formation of the grievance committee, the Mayor and the Council are striving to make Seaside a better place to live. This is our goal also. If you have any complaints, comments or even praise of our Department, we urge you to take advantage of this committee. With your help, we can do it together.

(This article is the first of a series which the Seaside Street Department will explain its duties and its effects on the community.)

Letter to the Editor

Editor: In 1941 Adolf Hitler picked up a telephone and ordered Nazi Panzer Divisions to invade and rape Poland! He did so without asking his Third Reich Cabinet or the German People! Soon after the "Gulf of Tonkin," our Commander in Chief, our President, picked up a telephone and ordered American military forces to invade South Vietnam under the pretense of aiding South Vietnam by interfering with a civil war within that nation? He did so without extending the simple, common courtesy of asking the United States Congress or the American people! Do we have a Democracy or a Dictatorship?

Many loyal, red, white and blue Americans talk about the utter ATROCITIES of the Nazis such as Buchenwald prison camp. What about the My Lai ATROCITY? Do we have a Democracy or a Dictatorship?

Cardinal Spellman and many other well known Americans have made the statement: "My country, right or wrong" as they referred to the Vietnam war. Isn't that the same thing that the Germans had to say while under Nazi rule? Do we have a Democracy or a Dictatorship?

Who is really brave? The "Dude" (young man) who goes to Vietnam to Conspire to Kill because he too believes "My country, right or wrong," or could it be the "dude" (young man) who says, "I (split) (flee) to Canada or go to prison before I will Conspire with my country in an un-Godly, immoral and un-Constitutional act of (out right) Aggression? Do we have a Democracy or a Dictatorship?

President Nixon made a campaign promise that if we elected him as our President that he would stop the war in Vietnam and "bring the boys home." I wonder if that is what he meant as I looked through blurred eyes at the flag draped military coffins which lined the San Francisco docks? He didn't say I will try to stop this un-Godly Vietnam war, he said, "I promise that if I am elected as your President, I will stop this Vietnam war!"

Last month and this month (May-June 1972), President Nixon ordered American bombers to pound away at targets in North Vietnam. He also ordered Air Force bomber wings, fighter squadrons, US Navy ships of war and combat army troops to Vietnam! This included three of my best friends from Fort Ord. One of these friends was killed last week! (I'm going to his funeral this week!) Is this what President Nixon means when he says, "I'm withdrawing troops from Vietnam?" Is this what President Nixon meant when he made the campaign promise that he will stop the Vietnam war? Do we have a Democracy or a Dictatorship?

Please bear in mind that our President has done all of this without extending the simple, plain, common courtesy of asking the United States Congress or the American people. Who was it that said: "A government of the people, for the people, by the people?"

Last month and this month (May-June 1972) President Nixon made several nationwide television and radio broadcasts in which he outlined his plans for escalating the killing and the war under the pretense of securing peace? For example, he even went so far as to confess that he personally had ordered our naval forces to mine the harbors of North Vietnam.

Did you hear on the news recently that our bombers accidentally bombed an entire village?

Are we to say, "Our country, right or wrong," -- "America, Love It Or Leave It," or shall we say, "America, Let's Love It, Change It and Make it Work" -- NOW?

COMMUNITY SUPPORT

Tomorrow, Thursday, September 7, 1972, the American Red Cross Bloodmobile will be in Seaside at our Fire Department Station from 2:30 p.m. to 6 p.m.

Seaside American Legion Post 591 and the Seaside Lions Club are jointly sponsoring this request for blood donors. During the past sixty days, both

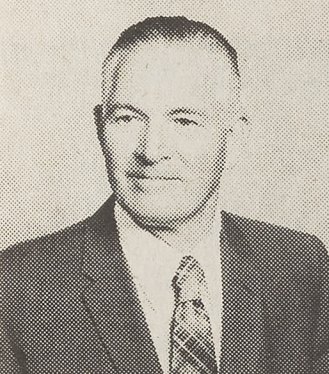

of these organizations have furnished their blood reserve credits for needy citizens of our Community.

The need for whole blood is urgent--and there is no substitute for whole blood when the demand arises. In the spirit of the Golden Rule, you as individuals can serve well your community--or even yourself in time of need--by donating one pint of your precious blood. This is one way we can all show our compassion for our fellow man regardless of our race, creed, or color.

Seaside Lions Club has also volunteered to provide transportation to anyone who needs same for the purpose of contributing blood at the Fire Station. Any blood donor who desires transportation can telephone Mr. Dick Challis at 899-2345.

Please support this worthwhile project. See you at the Fire Station tomorrow!

As I See It

BY MEL VERCOE

I sure wish I could enjoy watching the Olympic Games. Some of the events are really something to watch. These are the ones where electronic timers make the decisions about who wins and who comes in second, etc. But the events determined by judges - boxing and gymnastics, for example, - wow, they have just got to figure out some way to get petty politics out of the judging.

A few nights ago an American coach was complaining bitterly about the favoritism shown to Iron Curtain athletes. A couple nights later a German boxer whaled the daylight out of an American boxer. There just was not the slightest question about who won the fight, but the American, through no fault of his own, was given the decision, and it was explained that apparently the judges were trying to make up for some earlier bad decisions.

What a crummy way to conduct the world's greatest athletic contests. Human beings selected carefully for their ability to judge the games can't put aside their silly ideological differences long enough to do a decent job of judging, and the result is virtually a foregone conclusion. While Uganda threatened to walk out of the

games unless another country was expelled for racism, this same Uganda was in the act of deporting Asians born in Uganda simply because they were Asians. And a pre-dominance of Iron Curtain judges made no bones about giving more medals to Iron Curtain competitors than to outsiders. Now, all we need is for the English to refuse to take part alongside Irishmen, for India and Bangladesh to both stay home and put, for Japan and China to both suddenly remember the invasion of China in the 1930's, etcetera, and there will be no more Olympic Games.

Maybe this is the way it should be. What we are doing is really an insult to the ancient Greeks. On the other hand, perhaps we (our present decaying civilization) should drop the Olympic Games name and adopt some new name for a whole new type of game. We could perhaps call it something appropriate like Ideology Superiority Games. Instead of wholesome sports like swimming and running, we could have contests between world leaders to see who could lie most convincingly, or just think of the excitement we could have with carefully supervised arguments about which religion is the right one to the exclusion of all others.

Actually, the world needs something like that as an energy outlet. Millions of lives could be saved by making a game out of such differences instead of waging total-annihilation wars just to achieve the same answers. On second thought let's give up the whole idea, considering that hundreds of millions of people would no doubt become schizophrenic from utter boredom if we didn't have four of five bloodthirsty religious wars going on at various spots on our little sadly exploited earth.

Questions and Answers

Q -- Do I have to use a VA form to change the beneficiary on my GI Insurance policy?

A -- No. Any clear statement signed by the policyholder, is acceptable to VA. However, it is preferred that VA Form 29-356 be used.

Q -- My aunt is a disabled veteran of World War II. She needs care in a home, but does not need nursing home care or hospitalization. Does VA have such homes for women veterans?

A -- Yes, VA has domiciliary homes, and those at Bay Pines, Fla., Dayton, Ohio and Martinsburg, W. Va., and Vancouver, Wash., have facilities for women veterans. Any VA office will help your aunt file application for this benefit.

Q -- Can a veteran whose VA benefits have been forfeited apply for their reinstatement?

A -- Yes, a veteran may apply

for presidential pardon which, if granted, may again entitle him to VA benefits of which he was originally eligible.

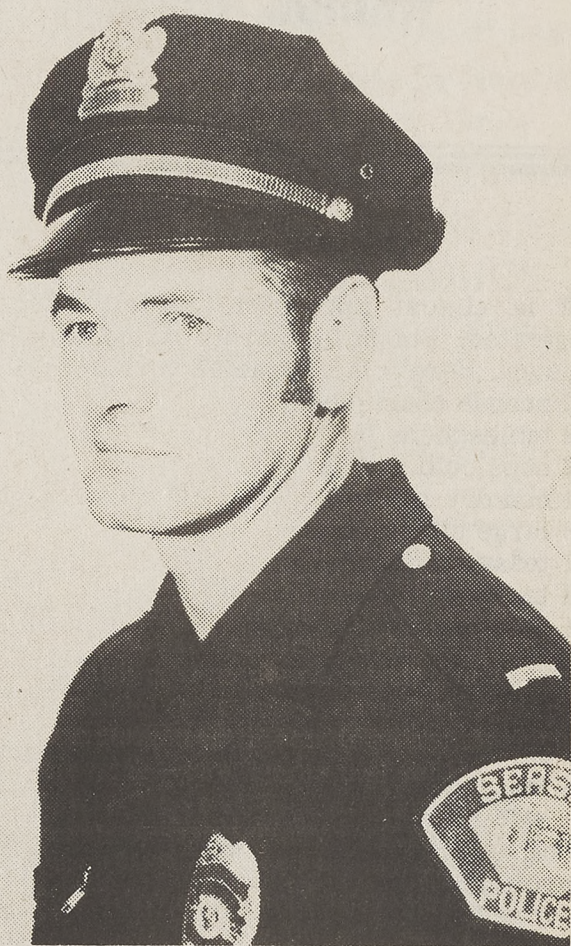

Q -- I am a veteran's widow pension. Would state welfare benefits reduce my pension?

A -- No. The VA does not consider benefits from public or private welfare organizations as income for purposes of computing pension. However, an increase in VA pension might reduce the state welfare payment.

Q -- As a veteran attending college under the GI Bill, I wonder why the VA does not pay for all my educational expenses.

A -- Like the World War II and Korean Conflict GI Bills, the current GI Bill is intended as educational assistance rather than a total subsidy through four years of college.

Cops Corner

LIEUTENANT HERSCHEL RAY AMOS

A resident of Seaside for the past 27 years, Lieutenant Amos graduated from Monterey High School. He then served six years with the U.S. Marine Corps, after which he joined the ranks of the Seaside Police Department on December 1, 1960.

Lieutenant Amos is married and has three children.

As a police officer he has served as a patrolman, Desk Sergeant, Field Sergeant, Administrative Sergeant, and presently Lieutenant in charge of the night shifts.

Lieutenant Amos is not only an expert in the field of fingerprint examination, but does most of the departments photographic work. He organized and supervises the departments Tactical Squad.

During the past five years he has acted as a Summer Camp Counselor for the Monterey Peninsula YMCA. He is presently the Advisor of the Seaside Police Explorer Post #195.

For the year 1969 Lieutenant Amos received the Seaside Chamber of Commerce Outstanding Citizen of the Year Award. We are pleased to have a man of this caliber in the ranks of our department.

EDITOR'S NOTE - If you were wondering what "Cops Corner" is all about, it's our way of introducing an Officer each week to the public. In this way the public will have a little better insight into the makeup of their police department personnel. In this column we hope to show that the police officer is not only the cop on the beat, but he is your neighbor; he is not only the cop who gives traffic tickets, but as a resident of the city. He is interested in the city's welfare. He is not only the cop who is keeping an eye on your children, but he is a father who cares about what kind of a community his children are growing up in. In short, we are trying to show that a police officer is human, he is a husband, a father, a concerned citizen within our community. He is a man, proud to be part of a profession dedicated in serving you, the public, and protecting your rights as set down by our forefathers.

Chamber of Commerce Progress Report

by Verlaine Crawford,
Executive Director

Now that the Labor Day Weekend is over, we'll all settle down to business and prepare for the busiest time of the year.

The Seaside Chamber of Commerce Board of Directors met for a special study session on Saturday, August 26, to plan a strong Program of Work. They came up with P.E.P., "Planning, Education, and Promotion for Progress." Each part of this program will be defined and refined with specific projects to develop Seaside to its fullest potential.

Membership! Membership! Now's your chance to get involved in a fabulous membership drive beginning September 13 and continuing through the 20th. The 20th will be the "really big" day for super salesmanship. The day will start with breakfast at the Egglet in Seaside, Carls and information will be passed out to the participants and they will be sent out to bring in new members.

On the evening of the 20th, the Chamber will hold a cocktail party for all members who participated during the week and the new members they brought in. Dinners for two will be awarded the top three salesmen of the week.

On Friday, Sept. 8, be sure to have your TV sets tuned to KMST, Channel 46, to watch "Mid-Day" at 12 Noon. Jean Darrough has invited President Jim Wester and I to be guests on her show and talk about the fantastic changes in Seaside. We'll show some pictures of new buildings in Seaside.

In the past four months, the Chamber has grown by nearly 40 new members. If you haven't joined yet, now's the time to get in on one of the most exciting organizations in our city. The next five years are going to bring more changes to Seaside than you ever thought possible. Why not get in on the ground floor with the Chamber, and help plan the future of our community?

The Seaside-Peninsula Map should be finished in about three weeks. The printers are busy preparing it for shooting. Our next publication project will be a business directory of Seaside with information about the city. It will be mailed to

Art Festival Is Planned

The Sixth Annual Art Festival to aid the Los Gatos Elks Cerebral Palsy Fund will be held at Winchester Blvd. at Lark Avenue, Los Gatos, California on Saturday and Sunday, September 9 and 10.

Many arts and crafts by over one hundred Bay Area artists will be on sale, including oil paintings, watercolors, ceramics, weaving, jewelry and metal sculpture.

A special attraction will be Art-In-Action and there will be a display of antique clocks and tools used to restore them. Everyone is welcome. Admission is free.

TALENT SHOW

Fergusson Hall was the setting for a teenage talent program, sponsored by the Fort Ord Officers' Club on Sunday, August 20.

Fone one hour and half, thirteen children age 13 through 18, sang, played and danced their way into the hearts of the audience. Of the 12 numbers presented, three were awarded cash prizes by a panel of judges.

Judged the best and receiving \$100 for first prize was Carmen Davis, 14-year-old daughter of LTC and Mrs. H. R. Davis of Fort Ord. Carmen, a graduate from Fitch Junior High School in June, who will attend Seaside High School this September, played "Sonita" by Kuh-lau" most beautifully on the piano. She is graced with unusual talent for a young lady of her age. Carmen accepted her award most graciously, while her parents and her identical twin sister, Sharmon, proudly looked on.

Linda Beene, a second year San Jose State University student, is the 18-year-old daughter of Major (Ret) and Mrs. J. Beene of Monterey. Mr. Beene is vice principal of Monterey High School. Linda was awarded \$50 for second prize. She performed a modern dance and jazz dance excellently. She is well trained and her poise was superb. Linda was a 1971 Monterey C-tilion League Debutante.

The "Love Virtue" vocal group consisting of Sheryl Delaney, Kevin Parker, Gail McClain and Edna Robinson received \$25 for third prize winners. All four young ladies are active seniors at Seaside High School. Sheryl, 16, is the daughter of CWO-4 and Mrs. James Delaney of Fort Ord. Kevin's parents are Mrs. Fredrica Evans and SFC (Ret) William A. Parker, III, of Seaside. Not only can this 16 year old sing, but she sews beautifully. She makes most of her clothes and a few for her girl friends. Gail, daughter of E-7 and Mrs. Arthur McClain of Fort Ord, is also 16. She is one of the lead singers. Edna, 17-year-old daughter of SP5 (Ret) and Mrs. Guy Robinson reside in Seaside. The "Love Virtue" group will appear on the bill during the jazz festival on Saturday afternoon, September 16.

Other participants were Gina Joyce and Arthur Turqueza, both 15-years and attend Monterey High School. Arthur played the guitar, while both sang four numbers, including "You've Got a Friend" and "Long Ago and Far Away". Gina is the daughter of Flight Lt. of the RAF (Ret) and Mrs. Samuel Joyce of Del Rey Oaks. Arthur's parents are Major (Ret) and Mrs. Arsenio A. Turqueza of Monterey. These youngsters were very impressive.

A sister and brother act was performed by Barbara and Richard Soos. Barbara, a 13-year-old Fitch Junior High Student and her brother san "Love Don't Last Long" together, while Richard accompanied on the guitar. This handsome 17-year-old Seaside High School student sang and played a solo of a song he wrote, entitled "Who Picks Roses for the Lady". They were great. Their parents are CWO-4 and Mrs. Richard Soos, also of Fort Ord.

Three 18-year-old fellows, all attending MPC, closed the show by singing "Betha By Golly Wow". They were real good and have excellent potential. Two are brothers, James and Michael Delaney. Their parents are CWO-4 and Mrs. James Delaney. The third member is William Galloway, son of Sgt and Mrs. William Galloway of Fort Ord.

BIRTHDAY PARTY

Three youngsters born in August, celebrated their birthdays together during a party on the beautiful patio of CSM (Ret) and Mrs. Theodore Bowser of Seaside, on Sunday, August 27 from 2 p.m. to 4 p.m.

Having a real good time with their invited guests were Beverly Ann Bowser, who was born August 16, 1967 in Lebanon. Beverly has been attending Miss Barbara's Nursery School in Monterey. Now that she is five and graduated, she will attend Kindergarten at Ord Terrace school in Seaside.

Keith Robinson, son of 1/Sgt (Ret) and Mrs. Willie Robinson of Seaside, was born August 9, 1968 at Fort Ord. He is also a student at Miss Barbara's Nursery School.

Tina Kaiser was born August 11, 1967 at Fort Dix, New Jersey. She has been attending Salinas Christian Nursery School, and will attend Soberanes Elementary school this September. Her parents are MSG-8 (Ret) and Mrs. Howard Kaiser of Salinas. The Kaisers also have a son, Michael, who is 14 years.

All of the children had a wonderful time playing games, eating lots of cake, ice cream, grilled hamburgers and sodas. The birthday children had many thrills when opening their many gifts.

Following the children's party, the adults enjoyed a delicious steak dinner from 5 to 7 p.m. Mrs. J. A. (Susie) Garland of Marina, a close friend of the Bowsters, Robinsons and Kaisers, returned in time for the part from a three month visit with her parents, Mr. and Mrs. N. Hiratsuka and other relatives and friends in Tokyo Japan.

VISITORS ON THE PENINSULA

Mrs. Rita Boyce and her son, Mark, were very delighted to have a week's visit in August from her sister and brother-in-law, Beatrice and Albert Arce, their son Albert, Jr. and another nephew, Sal Velasquez, all of Brawley, California. Mrs. Arce, is affiliated with the Imperial County Valley School System, where she is superintendent of languages. Her husband is a security guard for Imperial Valley County Correction Center. Both Sal and Albert, Jr., are Pre-Med students of the University of California at Berkeley. Sals parents, residing in Brawley, are Mr. and Mrs. E. Velasquez.

Mrs. Boyce works in Family Housing, Welcome Center, Fort Ord. Her son attends King Junior High School in Seaside.

WHITE ELEPHANT SALE

Bike Accidents

Bicycling? "Ride on," say more and more Californians who have switched to the two-wheeled vehicle for cheap, clean and healthful transportation.

Although bicycling is a new solution to some of the state's social problems, it is not without its own problems. The tremendous growth in the use of the bicycle has been accompanied by a similar increase in biking accidents, says the Insurance Information Institute.

The injury and death toll from cycling accidents is high. The California Highway Patrol reports 20 fatalities and 2,259 injuries among bicyclists in the first three months of 1972, a 67 percent increase over figures for the same period in 1971. The CHP predicts more than 14,000 cyclists in the state will be killed or injured this year, and the increasing popularity of the sport could mean there will be 25,000 victims in 1973.

Statistics show that in most bicycle accidents the cyclist violates a traffic law. This inattention or failure to yield the right of way accounts for the largest number of mishaps, according to the Institute. In less than one-third of bike accidents, the motor vehicle driver violates a traffic rule or regulation.

Rural bicycling accidents generally are more severe. Through most accidents occur on city streets, more than 50 percent of the fatalities and a large percentage of the serious injuries occur in rural areas.

Bike riders should obey all the traffic laws and familiarize themselves with safety precautions of bicycling, the Institute suggests.

At the same time, the Institute encourages motorists to watch out for the bike rider.

TRIXI SCHUBA — 1972 Olympic Figure Skating Champion makes her professional debut as a member of the 1973 edition of Shipstads and Johnson Ice Follies. Also the 1971 and 1972 World's Champion, she is one of the greatest exponents of the art of compulsory school figure skating the world has ever known. Trixi Schuba has perfected new free skating routines for American audiences. Abundant with her precise style and grace the Viennese champion joins the long list of champions who have starred with Ice Follies over the years.

Picked A Winner

Eight years ago best-selling author Irving Wallace propelled a Black man into the Presidency of the United States in his widely-discussed novel, "The Man." The book was an immediate success, and to date has sold more than seven million copies in all editions.

ABC Circle Films and Lorimar Productions, seeing the dramatic value of "The Man," acquired the screen rights from Wallace and embarked in the production of a film version.

Producer Lee Rich knew immediately that they needed a Black actor of exceptional dramatic range for the pivotal role of Douglas Dilman, who, after the

accidental deaths of the President and the Speaker of the House, succeeds to the highest office of the land.

They found the perfect choice in James Earl Jones, who had dazzled Broadway and film audiences with his performance as Jack Johnson, the first Black heavyweight champion of the world, in the stage and screen ver-

sions of "The Great White Hope." They knew Jones could perfectly embody the peaceful, philosophical man who must rise against prejudice and political intrigue after he becomes President.

DEEPEST OIL WELL

The deepest oil well ever drilled had a depth of over 25,000 feet. Despite the depth, no oil was found.

Watson Amendment on November Ballot

By mandate of the people there is a good possibility that at long last there will be property tax reform in California. All that is required is that the voters approve the Proposition 13, the Watson Amendment, on the November 7 General Election ballot.

For the last ten years, elected officials in Sacramento have been promising property tax reform. It should come as no surprise, however, that the State Legislature has refused to act. Throughout the history of California there have been only three major reforms in property taxation, the last one coming in 1933. All three of these tax reform measures were accomplished by the initiative process, where the voters acted for themselves.

The hard fact is that Sacramento cannot produce a tax reform package because of the pressure and hauling between the special interests who have their own tax haven to protect and the inability of the legislators under pressure from lobbyists to agree on any one program.

Proposition 13, qualified for the November ballot with an excess of 900,000 signatures, almost double the amount required to place it on the ballot.

This property tax limitation initiative measure would cut the property tax bill throughout the state an average of 40 percent. It shifts all of the costs of welfare and roughly half the costs of schools to the state. At the same time, it places a definite limitation on the dollar amount of taxes that local jurisdictions can assess against the property owner.

The Watson Amendment provides for a \$7 tax rate, plus whatever the costs are to serve long-term debt. This would make a maximum tax rate of \$8 in place of the \$11 to \$13 tax rates which are common throughout California today.

To finance this shift away from the property tax, the remaining tax burden is shifted to other sources where it is more realistically based on ability to pay.

The sales tax would be increased 2 cents. For the average family that means \$40 to \$50 a year. The cigarette tax will be increased by 10 cents a pack for half a cent more a cigarette. The liquor tax would go up by 50 cents a gallon or about 10 cents more on a fifth of hundred-proof liquor.

Next, the corporation tax will be raised from 7.6 percent to 11 percent, an increase of roughly 44 percent. Of equal importance, all corporations will be treated alike, including banks and insurance companies.

It may come as a surprise to you to learn that our huge

and wealthy insurance companies in California get a rebate from the state and in effect pay no property tax to the state for all the rents they collect from the tenants in these beautiful edifices and pay no income tax on their huge apartment house complexes located in every population center in California. The Watson Amendment will close that loophole.

Another loophole to be closed will be the imposition of a severance tax on oils and minerals. The tax will be the same as the sales tax—7 percent. Thus, California will be imposing a tax on oils and minerals extracted from the ground the same as Texas, Oklahoma, Louisiana, and other major oil and mineral producing states.

The net result will be that the property tax in California will be reduced by approximately \$1-1/2 billion. This will be more than made up by closing tax loopholes, increasing the corporation tax 50 percent, adding 2 cents to the sales tax, and slightly increasing the so-called "sin taxes" on cigarettes and hard liquor.

WSI Course Offered

Last year more than 3,000 persons completed courses in Swimming, Life Saving and Instructor Training in Monterey County, states Mrs. John David, Water Safety Chairman of the Monterey County District, American Red Cross. Each year the need for Swimming Instructors and Life Guards increases. To meet these needs the Red Cross will be conducting an Instructor's Class in Water Safety at the Monterey High School Swimming Pool.

The 30-hour course will begin September 20, 7 to 10 p.m., and will continue every Wednesday and Friday nights in September and October. The only prerequisites are a Current Senior Life Saving Certificate and 17 years of age. To register call 375-5730.

MPC Nursery

Students at Monterey Peninsula College who are planning to enroll their pre-school age children in the student cooperative nursery should make application now.

The cooperative nursery requires that students participate in the supervision of the children during the week. Student parents must also enroll in Home Economics 235 which deals with growth and develop-

Youth Meeting Planned

Young Christian Scientists feel that God is relevant in their lives.

Several thousand of them from Northern California, Nevada, and Hawaii will gather at Stanford University in Palo Alto on September 8, 9, and 10 for a conference to share ways in which their religion can better help them in the solution of social, community and world problems.

Planning to attend from this area are: Melanie Bassett, Mary Boyles of Seaside; Sally

Stock of Monterey; Virginia Gow, Mark Ruble, Georgie Withee of Pacific Grove; Andrea Bialek, Dana Booth, Laura Cottwell, Agnes and Yates Downes, Terry Livinstone, Michelle McGibney, Donna and Terry Payne, Jo Ann Waring of Carmel; Connie O'Hara, Peter Senter of Carmel Valley.

This conference is one of 16 such regional meetings throughout the world being sponsored this year for the first time by The Christian Science Church headquarters

in Boston. "Discovering the Potential of Healing" is the theme of the conference. It is open to all young people between 16 and 25 who have an interest in Christian Science.

The youthful delegates will explore ways in which the Christian Science religion, which they have proved effective in solving personal problems, can help them reach out to meet today's challenges for mankind through spiritual means.

Following registration, the Friday afternoon and evening program will include a variety of informal activities, such as films and music. Sessions on

Saturday and Sunday will feature noted adult speakers and general discussions on the practical applications of the teachings of Christian Science of daily life.

Experiences to be related by participants will illustrate the effectiveness of turning to God in helping young people find happiness and direction, as well as healing and freedom from such things as physical difficulties, human relationship problems, accidents, drug use, and immorality.

Among the many featured speakers will be Clayton Bion Craig from Florida, former Chairman of the Board of Directors of The Christian Science Church in Boston; Erwin H. Canham, Editor-in-Chief of The Christian Science Monitor; Carl J. Welz, Editor of the Christian Science periodicals, and Paul Stark Seeley,

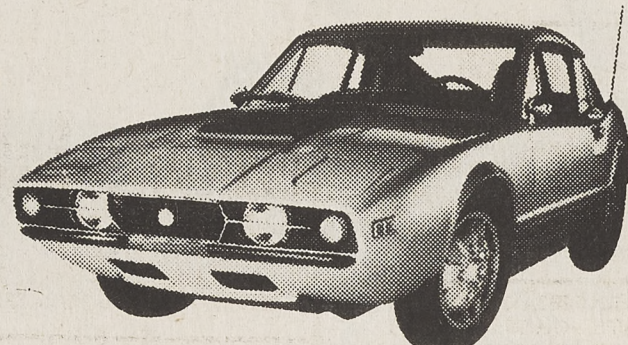

Wins Award

Wilt Chamberlain of the Los Angeles Lakers is the winner of the

third annual Maurice Stokes Memorial Award, named after the late basketball star of the Rochester and Cincinnati Royals, who died in 1970 at the age of 36.

Bargain Sale Tomorrow

The Episcopal Churchwomen of St. John's will hold their annual "Bargain Hunt Sale" on Thursday, September 7. It will be departmentalized and supervised by the following staff:

Jewel Box: Mrs. D. Kirke Erskine, President; Snack Bar: Mrs. Harold W. Taylor; Garden Section: Mrs. John W. Key; Wearing apparel: Mrs. J. D. Smith; Accessories: Mrs. Robert Canada; Household: Mrs. Charles Sale; Publicity: Mrs. Thomas Somers; Collectors' Corner: Mrs. Carvel Baldwin, General Chairman.

The "Bargain Hunt Sale" will be held in the Parish Hall at St. John's Chapel located on Mark Thomas Drive and Sylvan Road, Monterey, from 10 a.m. to 8 p.m. There is ample free parking!

One of the more exciting and unusual items of interest this year is an antique "professional" piano, dated 1895 and manufactured by Daniel Morris in Boston. The piano was owned and used by Gertrude Auld, opera singer of note.

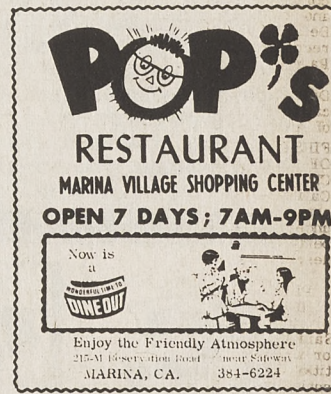

In the Collector's Corner you will find Chinese brass bowls, oil soapstone carving, antique chairs, Victorian candle table, carved oriental table done in a dragon design, and old wicker table and a teakwood table. Also, an antique English brass and copper lantern, signed, old watches, sterling silver, depression glass, and antique glass beads.

Our Jewelry department will display antique jewelry, including ivory, amber, cameos and glass beads.

The Clothing Section has an excellent selection in wearing apparel both new and next-to-new! And in our Accessory area you will find just the right fall hat to wear with the coat you have just selected and a pair of shoes to match your knit suit or dress!

The Household Section has

ment of children. The class meets for one hour each week. Application forms for the student cooperative nursery are available at the college registration desk, and information about the nursery may also be obtained by calling Doris Mark at 625-1053.

Attorney(s) for Petitioner SUPERIOR COURT OF CALIFORNIA, COUNTY OF MONTEREY 1200 Aguirre Rd., Monterey, Ca. 93940

In re the marriage of

Petitioner: Elsie M. Johnson

Respondent: Jacob M. Johnson

CASE NUMBER MDR 3377

SUMMONS (MARRIAGE)

To the Respondent: Jacob M. Johnson

The petitioner has filed a petition concerning your marriage. You may file a written response within thirty days of the date that this summons is served on you. If you fail to file a written response within this time, your default may be entered and the court may enter a judgment containing injunctive or other orders concerning division of property, spousal support, child custody, child support, attorney's fees, costs, and such other relief as may be granted by the court.

If you wish to seek the advice of an attorney in this matter, you should do so promptly so that your written response, if any, may be filed on time.

NOTICE OF TRUSTEE'S SALE

On Tuesday, the 12th day of September, 1972, at the hour of 10:00 a.m., at the County Court House, in Seaside, California, I, as Trustee, will sell at public auction to the highest bidder for cash in lawful money the United States, the following described real property situated in the City of Seaside, County of Monterey, State of California, and described as follows:

LOTS 7 and 8, in Block 3, as shown on map entitled "Map No. 6 Del Monte Heights," filed February 6, 1912, in the office of the County Recorder of said county and now on file in said office in Map Book 2 of Maps, "Cities and Towns," at page 33 therein.

The sale will be made without covenant or warranty regarding title, possession, or encumbrances, or as to insurability of title, the beneficiary (ies) or any other person or persons may purchase at said sale.

Company as trustee, for the benefit and security of Elvin Anderson and Frances Anderson, the named beneficiaries, dated July 15, 1969, and recorded August 20, 1969, in reel 617, page 1009, Official Records of Monterey County, California.

The undersigned trustee was appointed and substituted as trustee under the mentioned deed of trust by an instrument dated May 18, 1972, recorded May 22, 1972, in reel 773, page 35, Official Records of the mentioned county and executed by Elvin Anderson and Frances Anderson pursuant to the provisions of the deed of trust.

Notice of default and election to sell the described real property under the mentioned deed of trust was recorded in reel 773, page 35, Official Records of the mentioned county, dated August 21, 1972.

NOTICE OF TRUSTEE'S SALE

Loan # 1291

NOTICE IS HEREBY GIVEN THAT on September 26, 1972, at the hour of 1:00 P.M., at the Monterey County Courthouse on Alisal Street in Salinas, California, M.L.S.C. Properties, Inc., as Trustee, will sell at public auction to the highest bidder for cash in lawful money the United States, the following described real property situated in the City of Seaside and described as follows:

Lots numbered 20 and 22 in Block numbered 47, as said Lots and Block are shown on that certain Map entitled "Map No. 5, Del Monte Heights" etc., filed for record August 4, 1937 in the office of the County Recorder of the County of Monterey, State of California in Volume 2 of Maps, "Cities and Towns" at page 15.

SAID PROPERTY is commonly known and described as: 1349 Judson, Seaside, California.

SAID SALE will be made to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain Deed of Trust executed by Bert Solomon, Jr. and Ann L. Solomon to M.L.S.C. PROPERTIES, INC., being the present Trustee, all for the benefit and security of Mary Gates and Leslie Gates as beneficiary (ies), said Deed of Trust, being dated February 2, 1971 and recorded February 17, 1971 in (reel) 687 at (Image) 574 of the Recorder of Monterey County, being document # 604127 therein.

NOTICE OF BREACH of said obligation and election to sell said property was recorded in the office of the County Recorder of said County on May 24, 1972 in (reel) 773 at Page 807 being document # G18212 therein.

SAID SALE is made without covenant or warranty regarding title, possession, or encumbrances, or as to insurability of title. The beneficiary (ies) or any other person or persons may purchase at said sale.

Dated: August 31, 1972.

'Postal Academy' Program Revived For Another Year

The endangered "Postal Academies," which prepare disadvantaged youth for college, business, or government, have now been continued for another year, with a \$1,553,000 allocation from the Labor Department.

Most of the 1,200 young people enrolled in the six-city program are Black.

The six projects--now called the Street Academy Program--were slated for shutdown when it was decided that the original sponsor, the Postal Service, had to get out of "the education and training business."

The Labor Department, which supplied most of the funds to operate the academies in the past, agreed to fund the projects for one more year if sponsors could be found in each city.

CITIES

Selma Votes In 5 Blacks

Five Blacks recently succeeded in gaining election to the city council of Selma, Alabama. The council is a 10-member body, with its membership elected by wards instead of on an at-large basis.

This marks the first time that Blacks have sat on the city council of Selma. About half of the city's 30,000 residents are Black.

The eyes of the nation focused on Selma seven years ago, when civil rights demonstrators were severely beaten there. It then became the starting point for the celebrated Selma to Montgomery March of March 21, 1965, which dramatized the drive to register the South's Blacks to vote. The marchers passed through Lowndes County, where not a single Black had been successful in registering to vote, because of discrimination and outright intimidation.

With the Economic Opportunity Council as sponsor, the program in San Francisco will continue with an allocation of \$250,000.

Other cities, sponsors and amounts involved are: * Newark New Jersey, sponsor: City of Newark, \$209,000.

Chamber of Commerce News

The Seaside Chamber of Commerce held a breakfast meeting with the Sgt. Majors from Fort Ord, and the Navy Postgraduate School at the Fort Ord NCO Club on Thursday, August 31.

The purpose of the meeting was to increase communications with military personnel and to begin planning a special joint event which will be open to the civilian population and military personnel of the Monterey Peninsula.

Many interesting ideas, such as a giant three day city-wide sale, displays, and a special event to climax the celebration were discussed by those present.

A committee from the Chamber will be meeting with a military committee to make plans for a military-community celebration.

Present at the meeting were Fort Ord Chief of Staff Col. W.K. Dileman, Col. Edward L. Kerker, Director of Personnel and Community Activities, Command Sgt. Major Peroddy and SGM Sims, SGM Davis, CSM E.W. Gaudin, SGM W.M. Johnson, SGM E.D. Steeds, SGM P.L. Torres, CSM P.R. Marshall, CSM W. Daniel, CSM J. Tolson, CSM A. Pohlinski, CSM R.E. Wild, CSM F.C. Jones, SGM T. Evans, SGM J.F. Bryce.

Meeting with the military were Seaside Chamber of Commerce President Jim Wester, Past President Larry Nelson, Directors Cecil Bindel and Fred Tardy, Chamber members Bob McCauley and Sgt. Bill Brown and Executive Director Verlaene Crawford.

President of the Seaside Chamber of Commerce, Jim Wester, and Executive Director Verlaene Crawford will be guests on Jean Darragh's "Mid-Day" show on KMST at 12 NOON, Friday, Sept. 8.

The amazing changes in Seaside and the new growth in the Chamber of Commerce will be discussed during the 30 minute program with pictures of the new businesses, homes, parks and schools in Seaside.

They will discuss how the Chamber's new P.E.P.P. Program, "Planning, Education and Promotion for Progress," will help direct constructive change in Seaside.

"Where Seaside has been and where it's going," will be the topic of the slide show to be presented by Verlaene Crawford, Executive Director of the Seaside Chamber of Commerce, at the Monterey Kiwanis Club on Wednesday, Sept 6 at 12 Noon.

Seaside is growing very rapidly with many new businesses and prospects for development.

Datsun will be opening in the Monterey Peninsula Auto Center in Seaside during September.

Wester Porsche - Audi will hold ground breaking ceremonies on Thursday, September 7 at 4 p.m.

Principal Motors will also be breaking ground this month. Goodyear Tires will be building the new Big-O-Tires.

The new Thunderbird Motel is open for business and the Flying Carpet Motel is being built. These are just a few of the new businesses making Seaside the Retail Hub of the Monterey Peninsula.

* Detroit, Michigan, sponsor: Detroit CEP, \$300,000.

* Chicago, Illinois, sponsor: Metropolitan YMCA, \$250,000.

* Washington, D.C., sponsor: D.C. Government, \$244,000.

* Atlanta, Georgia, sponsor: National Scholarship Service and Fund for Negro Students, \$300,000.
